# PREFACE

THE following index has been prepared by Mr. C. J. Canner, an Assistant Librarian in the Library, and is a continuation of the index to the first twenty-five volumes compiled by the late Thomas Murgatroyd and published as part of volume 25 in 1941. Mr. Canner notes :

After 1941 Mr. Murgatroyd continued preparing entries for eleven of the succeeding volumes. Unfortunately his death came before he could continue further, but the entries he prepared have been edited and included in the present index. The aim here is the same as in his index : to provide entries for the authors of articles and notes, together with selected subject and title entries. The fullest entries are under the names of the authors ; entries under other headings are abbreviated. Within headings, entries are generally arranged alphabetically ; in a few cases another arrangement has been found more convenient. Until 1948 the unsigned contributions in the " Notes and News " section of each number are by the then Librarian, the late Dr. Henry Guppy ; from 1949 onwards unsigned contributions relating to manuscripts are by Dr. Frank Taylor, at that time Keeper of Manuscripts, and those relating to printed books by the late Mr. Ronald Hall, then Keeper of Printed Books.

It is a pleasure to express my gratitude for their assistance to my colleagues on the Library staff, in particular to the Editor, for valuable advice and encouragement, and to Miss Glenise Matheson, Keeper of Manuscripts, for checking entries relating to the manuscript collections. For any errors I am, of course, alone responsible.

It is hoped that future indexes to the BULLETIN will appear at more regular intervals, covering a smaller number of volumes.

F. TAYLOR
